

KATHERINE MCLEAN FOR VICE PRESIDENT!

Next: President, Secretary, Treasurer then Public Relations

If you have never met me before, I am currently secretary of the club. I am in my second year of health sciences and this is my second year being involved in the club. I have really enjoyed the opportunity to become much more involved in the club this year. Because of my classes I have been unable to attend the club meetings this year which is why I may not have met you. I would really like another opportunity next year to be even more involved and take my duties to the next level as your vice president.

I absolutely love that even though we are a relatively small group of individuals we manage to come together and attempt to change the world for the better. Our efforts may seem insignificant but I'm sure to the NGOs we fundraise for and the subsequent individuals who receive the donations, we really are making a difference.

This year I organized the BBQ with Kiarash in the fall, participated in the AIDS walk and sat at the head table for the luncheon chaired by the Carleton Circle K. I am organizing the bake sale coming up on March 25. Next year I hope we can continue with all of these events and maybe come up with some new innovative ideas together.

Now, why should you vote for me? I may seem shy when you first meet me but I always have a positive attitude and a smile on my face. I am organized which is pretty essential for this role. I am also very ambitious; I have the hope of attending medical school in a couple years. I feel that

this trait will definitely help accomplish all the goals we all have for this club. I am very personable, responsible and easy-going. I would like to get to know you all better and hope we can have some fun next year!

There are some really great people involved in this club. We are all easy to work with and committed. I am looking forward to working with everyone again and know we will make a great executive.

Thank you for your vote and if you have any questions please feel free to contact me and I will get back to you as soon as possible.
