

Hey everyone!!! I'm Kiarash Rokui, a second year biomedical science student. I was the treasurer this year for the club. But what is more important is that our club did not get enough done this year. There were many reasons but the main one that I saw was that there was a loss of interest and spark that Circle K has been know to have.

BUT THERE IS HOPE!!! Now to the good stuff. I'm running for President as my first choice, Vice-president as my second choice and co-president as my 1.5 choice ☐. It doesn't really matter to me. But here is what does matter:

- I'm a leader
- Can resolve any issues
- Coordinate the detailed logistics for events
- and much much more

What I plan for next year:

- Mandatory 5 hour commitment per month from members
- Have the exec meet more frequently, even if it means only 2 smaller meeting have to be organized. (ex. Persons A, B, C in meeting one and persons A, D, E in meeting two)
- Try to get the members more involved in decisions. Give members specific tasks rather than giving open-ended suggestions ("I'd like to see you out to this event even if it is for a few hours" instead of "you could do this event if it is fully convenient for you")

Bottom Line: This years exec was great but there was some downfalls...
BUT the positive side to it is that WE can really easily change the club
next year into what WE want..
